

SkillsUSA Arizona

Standards of Supervision for Students Policy

The following policy will serve to guide all participants at any SkillsUSA National event or SkillsUSA Arizona statewide event:

- Registration for all events will occur through the skillsusa-register.org website; all registrants will fill out a SkillsUSA Conference Registration, Personal, Liability and Release Form
- The responsibility of student supervision belongs to the school; the school shall assign an appropriate adult supervisor based on its distinct school policies and procedures.
- The adult supervisor will have access to all student SkillsUSA Conference Registration, Personal, Liability and Release Forms
- All registrants will observe the SkillsUSA Code of Conduct Agreement.
- Should any emergencies occur during a conference, the adult supervisor will take immediate action based on appropriate need; when it is appropriate, the adult supervisor will inform the SkillsUSA Arizona State Director of the incident.
